

Antibodies for Plant Hormones

Agrisera offers a comprehensive collection of validated, high-quality antibodies to plant hormones and proteins involved in hormone metabolism. These antibodies are reactive in many plant species and cited in a large number of scientific articles.

Auxins

AUX1 | CHS | IAA
IBA | PIF4 | PIN15
PIN2 | PIN3 | PIN9

Gibberellins

14-3-3 GRF | AtCCaP1
GA3 | GAI | GID1c | GID2
PIF3 | RGA | RGL1
RGL2 | RGL3 | SLR1

Ethylene

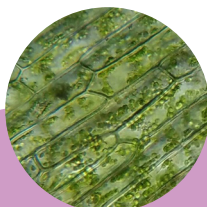

ACC synthase 7 | ACC
EIN2 | EIN3 | ERF1B
SAM1-4

Jasmonates

COI1 | JA
JAZ1 | NPR1

Cytokinins

Cis-zeatin
Dihydrozeatin
Kinetin riboside
Meta-topolin riboside
N6-benzyladenosine
N6-isopentenyladenosine
Ortho-topolin riboside
Trans-zeatin riboside

Abscisic acid

14-3-3 GRF | ABA
ABA-BSA | ABF3 | ABI1
ABI2 | ABI3 | ABI4 | ABI5
CPK- ϵ 2 | MYC2 | PYR1
SnRK2.2 | SRK2E | VP1

Salicylic acid

EDS1 | NPR1
Salicylate

Brassinosteroids

BAK1 | BIN2
BRI1 | BZR1

ELISA kits for Plant Hormones

Product name	Product number
ABA Abscisic acid ELISA quantitation kit (96T)	AS20 4392
IAA Auxin ELISA quantitation kit	AS11 1749
Cis-zeatin riboside Cytokinin ELISA quantitation kit	AS12 1844
N6-benzyladenosine Cytokinin ELISA quantitation kit	AS12 1846
N6-isopentenyladenosine Cytokinin ELISA quantitation kit	AS12 1845
Trans-zeatin riboside Cytokinin ELISA quantitation kit	AS11 1784
ZEA Zearalenone ELISA quantitation kit	AS20 4393
